Easily create and manage your content

Create content

1. select the page area where add it
2. go to menu "Add content"
3. select the type of content you want to create

Inline Editor

The inline editor allows to:

* Format content: the level of titles, paragraph styles (strong, italic, ...), list styles, alignment
* Insert images from hard drive or resource explorer and apply them particular styles
* Insert external, internal or downloading links
* Insert tables and modify style and properties
* Insert special characters (symbols)
* Insert HTML code (image map, map, video ...)
* Insert data from a external SQL or LDAP source
* Insert forms
* Insert the latest publications
